SUMMER SESSION IN FULL SWING

405 STUDENTS REGISTERED FOR SUMMER COURSE AT S. T. C.

YEAR ENROLLMENT 802

Program This Session Offers 112 Distinct College and 60 High School Courses—New Members

The summer session of the State Teachers College of this city, is now in full swing, with an enrollment to date of four hundred and five. The term enrollment for the year, to date, totals 802. The program of this session offers one hundred and twelve distinct courses of college rank and sixty distinct courses of high school rank distributed through the departments of Education, English, Reading and Public Speaking, Mathematics, History, including Economics, International law and American Diplomacy; Foreign language, including Latin, French and Spanish; Science, including Agriculture, Biology, Physics, Chemistry and Geography; Home Economics, Public School Music, Library Economy, Commerce, Fine Arts, Manual Training, Physical Education.

To aid the regular faculty in caring for the additional courses and increased number of students Miss Mabel Arnett, professor of Education, William Woods College, Fulton, Mo., is assisting in Education and History; Superintendent Egbert Jennings of King City, is assisting in Education; Miss Beatrice Sewell of the Flagler Colorado high school is assisting in English: Supt. J. M. McDonald of Maryville, is assisting in Mathematics; Supt. Warren Breit of Forest City, is assisting in Commerce; Supt. Henry Miller of Union Star, is assisting in History; Mr. O. E. Jones of Leavenworth, Kansas, high school, is assisting in Geography. Misses Myrtle Ballard, VilJune Colden, and Dale Hulet are assisting in the library.

Mr. L. F. Metzler of Newton, Iowa, comes to the College permanently as instructor in Agriculture. Mr. Metzler holds the Bachelor of Arts degree from the Kansas State Normal College at Emporia and the Master of Science degree from the Kansas State Agriculture College at Manhattan. He has had several years experience in practical farm life and public school work, was for two years a member of the faculty of the State Normal College, Denton, Texas, and during the past year has been instructor in Agriculture in the Newton, Iowa, high school, carrying out the work provided for by what is known as the Smith-Hughes law. His high school judging team took seven of fourteen first prizes offered in the state judging contest at the Agriculture College, Ames, Iowa.

INCOME TAX DUE JUNE 16.

Interest Will Be Charged for Shortage in Last Payment.

The man, or the corporation, estimating its income tax too low when making the first quarterly payment March 15, is going to have to pay the government interest on the shortage, one-half of 1 per cent. That was annouced at the office of George F. Crutchley, collector of internal revenue, today.

The second payment of the income and corporation taxes will be due June 15. This day comes Sunday, so the taxpayers are given until Monday morning to settle up.

With the payment of this installment, one-half of the total tax must have been paid, any shortages in the first payment being made at this time. No more estimates will be tolerated this time, as the proper blanks long since have been printed and circulated.

Francis Cummins in States.

Dr. and Mrs. K. C. Cummins have received word from their son, Francis Cummins, 78th division, that he arrived at Camp Merritt, N. J., Sunday.

Mrs. George Conrad, accompanied by her daughter, Mrs. Lulu Fraser, and sons Conrad and Robert, left this morning for Denver, Colo., to visit her daughter, Mrs. Jessie E. Williams and family.

Mrs. Avis Bock of Omaha, Neb., arrived last night to visit her uncle and aunt, Mr. and Mrs. Chas. McNeal.

Miss Amy Ebersole, one of the graduates of the Conservatory of Music, left today for her home in New Hampton.

102 RIVER GOES DOWN THEN UP AGAIN TODAY

Stream Registers a 5-inch Rise Since Morning—Holding Well Within Its Banks.

The One Hundred and Two river did a "right about" today and after dropping about 4 inches during the night, began a rise this morning which totaled five inches at 2 o'clock this afternoon.

The stream is well within its banks, however, and no trouble is anticipated from the rise. The dam appears to be weathering the floods well, although the rush of water over it makes it impossible to determine whether it has been damaged to any material extent.

DAILY CHAUTAUQUA PROGRAM ANNOUNCED

Complete Summary of Events August 4-10—Military Flying Day August 9.

A detailed program of the daily events of the Chautauqua to be held here Aug 4-10 has been announced as follows by the management:

First Day.

8:45 p. m.—Lecture, "A Message from Mesopotamia." Raphael Emmanuel.

LADIES AID OF CHRISTIAN CHURCH TO GIVE PROGRAM

Musical Entertainment to Be Given at Empire Theater June 30—Dramatic Artists on Bill.

What promises to be one of the most pleasing entertainments of the season will be given at the Empire Theater June 30, under the auspices of Division C of the Ladies Aid of the Christian church. The program will consist of excellent music and dramatic art, rendered by four young ladies, who will be visiting in the city at that time, Miss Lucy Mildred Longan, a young pianist of Des Moines, Ia., and Miss Coral Binning, Miss Mary Peck and Miss Helen Allen, all of whom are dramatic artists. They will be assisted by local talent and an entertainment of the highest class is anticipated.

C. F. Remus returned this noon from a buying trip to St. Louis.

PLAN ADDITION TO HOSPITAL

BROTHER LEONARD OF CHICAGO, DRAWING UP SKETCHES.

TO COST APP. $100,000

To Be Three Story, Fire Proof Structure—Designed to Relieve Present Crowded Conditions.

A new addition to the St. Francis hospital here, to cost in the neighborhood of $100,000, is being planned, and preliminary sketches of the new structure have been submitted by Brother Leonard of the St. Augustine church, Chicago, who has been here since last Wednesday looking over the field and getting an idea of the type of building which will be best suited to the needs.

According to the sketches now presented by Brother Leonard, the new addition is to be a three story, strictly modern fire proof structure. The first floor will be devoted to the surgical and X-ray apparatus rooms, while the second and third floors will be used for private rooms. The basement of the structure will house the store rooms and hospital laboratories.

The tentative plans call for a 46 by 92 building and according to the statement of those who will have charge of the building, the new addition is to be joined on the west end of the present hospital building. The addition will necessitate the tearing out of the entire west wall of the hospital, and when completed the addition will really be a part of the present building. At this time the plans are to construct the new building of brick with white stone trimmings, in harmony with the material used in the old building.

The work on the building is scheduled to begin this summer, but Brother Leonard stated that the actual construction of the addition may not be started until next year on account of the difficulty in shipping the material.

At the present time the hospital is extremely crowded and the present quarters are entirely inadequate to take care of the large number of patients. It is imperative that such a structure as planned by Brother Leonard be built, but it is also necessary that sufficient funds be raised to finance the project. A good start has been made toward the amount needed and local church officials feel confident that sufficient money will be forthcoming to carry out the plans as they have been so far made.

Brother Leonard, who is to have charge of the architectural and engineering work of the new building has had considerable experience along this line, having designed similar church and hospital structures in many parts of the United States.

He will return to Chicago tomorrow with the sketches which he has made during his stay here, and will draw up at once a full set of blue prints and specifications of the new building.

It was stated at the hospital, that the addition will not mean that the present staff of doctors and nurses will be increased here, but is primarily for the purpose of relieving the present crowded conditions.

BLUE GRASS AND ALFALFA FOR COMMERCIAL CLUB

Specimens Desired for Display Case at Club Headquarters—All Products of Nodaway County.

The Commercial Club has issued a call for specimens of blue grass and alfalfa grown in Nodaway county, for the exhibit which is being planned and farmers in this section are urged to bring the samples to the Club rooms as soon as convenient.

Work will soon be started on the display cases in which the various products of Nodaway county are to go on exhibition at the Club headquarters.

VOTES FOR $500,000 ROAD BOND ISSUE.

Sedalia, Mo., June 4.—At the special election in Pettis county yesterday, 3,600 voters voted in favor of the issue of $500,000 in bonds to build hard roads and 300 voted against it. Sedalia had 1,637 for and 112 against. Lamonte is the only township in the county that voted against the bonds.

Miss Elva Heflin has been employed to teach the Logan school in the Parnell consolidated school district.

MARYVILLE NO PLACE FOR HOMELESS DOGS—$3 TAX

Cooper Gooden Selected for Position of Canine Enumerator and Tax Collector.

Homeless dogs—beware! If you have no master or mistress who is willing to dig up $3 for your tax, you had better put your tail between your legs and "hit the pike" from Maryville, for the edict has gone forth that every dog must bear a license tag this year, or suffer an inglorious fate at the hands of the executioner.

Cooper Gooden is the man who will look after the canine registration and tax collection this year, having been duly appointed to this position at the regular meeting of the city council last night. Mr. Gooden held this position last year and rendered valuable service in that capacity. He will merely act as the enumerator and collector of the tax and will in no wise be connected with the "executioner" job, the latter to be appointed at some future meeting of the "city dads."

GERMANS EXPECT ALLIED REFUSAL

HUN DELEGATES BELIEVE THAT ALLIES WILL REJECT COUNTER PROPOSALS

MAY RETURN TO GERMANY

American, British and Italian Delegates Urge Concessions and Modification of Treaty.

Berlin, June 4.—The report reached here today from Versailles that the German delegates expect an ultimatum from the Allies on Saturday rejecting the German counter proposals to the terms of peace. If this report is true Rantzau and other German delegates will return to Germany, leaving the final decision to the government. It is felt that the government will not sign the treaty if the German demands are flatly rejected. Paris dispatches to the International News Service report American and British delegates supported by the Italians pressing for concessions to the Germans and modification of the treaty.

HIGH WATER TIES UP WABASH TRAIN SCHEDULE

Flood Conditions at Gallatin Holds Up Service to St. Louis.

Train service on the Wabash is tied up again by high waters at Gallatin and it will probably be a day or two before through service to St. Louis is resumed. The morning passenger train No. 11 was annulled today. The night train, No. 14 went to Conception Junction and detoured via St. Joseph and Chillicothe. The 10:52 train this morning will go as far as Pattonsburg and will return this evening as No. 3.

196,300 AUTOS IN STATE.

Jefferson City, June 4.—According to the monthly report of the state automobile registration department to Secretary of State Sullivan, Missouri has registered so far this year 196,300 automobiles, 16,428 chauffeurs and 2,541 motorcycles. There are 1,756 dealers in automobiles registered

Taking the percentage of increase for the years 1917 and 1918 as a basis, it is estimated that there will be a total registration of automobiles for 1919 of 250,000.

Up to date this year, the motor vehicle state license fees have turned a total of $1,465,038.95 into the good roads fund.

A "HURRY-UP" WEDDING.

Cincinnati, June 4.—"Hello, Mary; can you come to Washington on the first train?"

Miss Mary Clay Ireland, Cincinnati, was on the Cincinnati end of the telephone and F. R. Wheeler, Baltimore, Md., business man, was on the other.

Mary said she could and she did. Wheeler was at the station with flowers and a marriage license, accompanied by several army officer friends. Mr. and Mrs. Wheeler are at home in Baltimore.

Mrs. M. Rittenour left this morning to spend the summer with relatives in Denver and other points in Colorado.

ARREST BOMB PLOT SUSPECTS

DEPARTMENT OF JUSTICE, IN CHARGE OF W. J. FLYNN, RENEWS SEARCH

HOLD 40 AT CLEVELAND

John Johnson, I. W. W. Leader, Admits Knowledge of Bomb Manfacturer—Dead Anarchist Unidentified at Capital.

Washington, June 4.—With William J. Flynn, former chief of the United States Secret Service in charge, the Department of Justice, today, renewed the hunt for the anarchists who placed bombs in a half dozen cities Monday night. Bomb plot investigation in the last twenty-four hours developed seven suspects under arrest in Pittsburgh, including John Johnson, I. W. W. leader, who says he knows who manufactured the bombs exploded in Pittsburgh. One suspect is under arrest in Boston and forty have been arrested in Cleveland. The anarchist who was blown to atoms in the attempted assassination of Attorney-General Palmer at Washington is thought to have been sent from Philadelphia, though the Philadelphia hat dealer at whose store the dead man's hat was bought could not identify him. New York police admit they have no fresh clues.

The Federal authorities are searching Philadelphia for the headquarters of the anarchist gang.

Chicago police arrested thirty radicals and it is reported that they have located the plant where the anarchist circulars are printed.

K. C. ANNUAL PICNIC AT PARNELL ON JUNE 8

Maryville Council Will Held Annual Event—Many Speakers on Program Including Charles F. McCaffrey.

Maryville Council of the Knights of Columbus will hold their annual picnic at Parnell on June 8, for members and friends. The committee in charge is composed of Eugene Klaas, John Boedecker and Edward McCarty and they have arranged a splendid program for the occasion.

After High Mass which begins at 10 a. m, all will partake of a basket dinner at the city park and each family is to bring a well filled basket.

After dinner there will be speaking and music. The address of welcome will be made by Rev. Fr. Ildefonce, pastor of St. Joseph church of Parnell, after which an address will be made by very Rev. Fr. Connor of St. Joseph, chancellor of St. Joseph diocese; Rev. Fr. Frowin, pastor of St. Benedict church of Clyde; District Dep Joseph J. Hushaus of St. Joseph; and Charles F. McCaffrey of this city.

An excellent orchestra has been secured to help render the musical part of the program.

A jolly good time awaits all who attend.

STATE INTO LAMAR LYNCHING.

Gardner Directs McAllister to Assist in Investigation.

Jefferson City, June 4.—Governor Gardner last night addredded a letter to Attorney General McAllister directing him to assist Prosecuting Attorney Timmonds of Barton County in an investigation of the lynching of Jay Lynch the afternoon of May 28, and in the prosecution of any persons charged with having participated in the crime. The note to the attorney general is perfunctory in form and merely recites the fact of the lynching and quotas the statute under which the governor is empowered to call upon the legal representative of the state to give assistance, when called upon by the governor.

Attorney General McAllister said tonight that he had not yet received the governor's letter, but that he would comply with the instructions and designate one of his assistants to go to Barton County for the investigation.

Mrs. Ollie Carter and son, Oliver, left yesterday for their home in Neosho Falls, Kan., after a visit with her parents, Mr. and Mrs. O. W. Swinford.

Mrs. Geo. B. Baker and daughter, Miss Carrie Margaret Baker, went to St. Joseph this morning.

Mrs. D. J. Thomas spent today in St. Joseph.

3 KILLED AND 11 INJURED IN TOLEDO LABOR RIOTS

Ask for Troops to Quell Disorders—Auto Plant Closes—Union Leaders Deny Responsibility.

Toledo, June 4.—With resumption of rioting which last night cost three lives and resulted in serious injury to eleven others, feared hourly, authorities today are awaiting action of the governor on the appeal of the mayor that troops be sent here. The Willys-Overland plant closed today following trouble last night and will not re-open until the present trouble dies down. Union leaders today emphatically denied responsibility for the rioting.

CLASS ADDRESS BY K. C. EDITOR

BURRIS JENKINS TO SPEAK TO TEACHERS COLLEGE GRADUATES

PROGRAM JUNE 21-24

To Hold Class Play June 23—Baccalaureate by Rev. G. S. Cox—Banquet to Complete Exercises.

Burris Jenkins, prominent Kansas City minister and editor of the Kansas City Post, will deliver the address to the graduating class of the Northwest Missouri State Teachers College on the morning of Tuesday, June 24. Mr. Jenkins is one of the best known speakers and writers in the country today and will have an interesting message to deliver to the members of the class.

The commencement this year is known as the "Victory" commencement, and the program will extend June 21 to 24. The opening event will be the reception by the President at which the entire graduating class will be guests on the evening of June 21, at Prof. Richardson's home.

On Sunday afternoon, June 22, Rev. Gilbert S. Cox, of the First M. E. Church will deliver the baccalaureate hermon, and on Monday morning the regular Class Day program will be presented at the College Auditorium.

On Monday evening the Class Play will be given by the members of the class at the College.

The final event of the exercises will be the Alumni Banquet on Tuesday evening.

COMMITTEE RAISES $400 FOR VITALIZED AGRICULTURE.

G. B. Holmes, Fred Wolfers and Bert Cooper, Solicitation Committee Business Men Show Interest.

G. B. Holmes, Fred Wolfers and Bert Cooper, the committee appointed by the Commercial Club at a recent meeting to solicit funds for the purpose of extending vitalized agriculture in the schools of Nodaway county during the coming year, reported $400 raised during their canvass of the business houses of Maryville today.

The members of the committee stated that the business men of Maryville understand the importance of the agriculture work in the county and have given excellent support to the project.

That vitalized agriculture as taught here is of sufficient importance to gain recognition throughout the country is illustrated by the interest which the International Harvester company of Chicago is taking in the work. The latter company has called for several photographs of children at work in this course in Nodaway County schools, and will use them in the coming issues of important educational journals along with articles in connection with this course. The company requests pictures showing the value of the vitalized agriculture in every day farm life.

Marvin Cook Dead.

Marvin Cook, about 84 years old, died at the County Farm this afternoon after an illness of two weeks. One daughter, Mrs. Maggie Snyder of St. Joseph, survives. The funeral arrangements have not been completed.

EXPECT DECISION WITHIN 48 HOURS

QUESTION OF AMOUNT OF INDEMNITY FROM HUNS TO BE DECIDED SOON

SUGGESTION BY WILSON

Question Must Be Settled by Friday—British Urge Sum to Be Fixed at 25 Billions.

Paris, June 4.—Following a series of conferences, the belief was expressed today that a decision will be reached within forty-eight hours on the question of the German indemnity. This decision will probably follow President Wilson's suggestion.

Paris, June 4.—Both the German and Austrian treaty terms were under consideration today when the American experts conferred with Lloyd George this morning, prior to the general conference of advisors of the Allied and Associated Powers, who are trying to reconcile the views of the French and British on the size of Germany's indemnity. It is understood that the British are urging the acceptance of the original proposition of the Americans that the outside limitations of the indemnities be fixed at twenty-five billion dollars. Whether the representatives stand pat or authorize the modifications, it must be settled not later than Friday. While awaiting a decision of the experts, the big four met for the resumption of discussions regarding the Austrian treaty. The Zurich constitutional committee of the German National Assembly has voted "no" on the question of whether the German officials should be surrendered for trial on the war guilt charges in foreign countries, said a Berlin dispatch.

REVEAL GERMAN PLOT TO BRING ABOUT REVOLUTION

Huns Attempted to Cause Uprisings In Switzerland and Italy—Planned to Assassinate Orlando and Sonnino.

Geneva, June 4.—That German plotters have been working to bring about a revolution in Switzerland and Italy was revealed today when twenty-six Germans and Hindus were placed on trial at Zurich. The conspirators had planned to assassinate Premier Orlando and also Foreign Minister Sonnino of Italy.

PLAGUE RAGING IN MOSCOW.

Copenhagen, June 4.—A plague is devastating the population of Moscow, it was revealed today by travelers from Russia. Hundreds of thousands of the peasants are dying from typhus daily. Only horsemeat is available and it is unedible.

Christian Church Prayer Service.

The subject of the mid-week prayer service at the Christian church tonight will be "Healing the World's Wounds" and the pastor, Rev. R. E. Snodgrass, will be in charge. Miss Ruth Reuillard will sing a solo.

Ralph Palmer Returns.

Ralph Palmer, son of Mr. and Mrs. D. R. Palmer, returned today having received his honorable discharge from the marines. He has been stationed at Paris Island, S. C., since last October.

C. J. Colden of Los Angeles, Calif., who has been visiting his father, J. W. Colden of Wilcox, went to Kansas City this morning. He will return home for a visit before returning to Los Angeles.

Reuben Young and C. C. Corwin were in St. Joseph today.

WEATHER FOR TODAY

Probably showers tonight and Thursday; not much change in temperature.

Feature Tonight **Empire Theatre** 11 and 17 Cents

MEMBER MISSOURI PRESS ASSOCIATION

WAR ON MOSQUITOES AND RATS.

Boston, June 4.—Dr. William C. Woodward, Municipal Health Commissioner, is to make a war on mosquitoes and rats.

Against the mosquitoes an army of offensive, consisting in part of employees and attaches of the Health Department, is to wage a vigorous campaign of extermination.

The death-dealing ammunition will consist of oil which the attacking force will spread over swampy stretches and the pools of stagnant water. Not until the skeeters are eliminated from Boston confines will there be any letup in the battle, vows Dr. Woodward.

The battle against rats will be conducted with equal fury, only in a more carefully planned manner. The paramount aim will be the seeking out of breeding places and the destruction forthwith of all species, young and old.

"YOUR BODYGUARD" - 30¢, 60¢, $1.20

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

SCHOOL SYSTEM IS A FAILURE?

PRESIDENT OF NATIONAL EDUCATION ASSOCIATION ASSERTS IT IS.

BLAMES LOW SALARIES

Noted Educator Says More Money Is Needed to Finance Public Schools in This Country.

The Kansas City Times prints the following article in regard to the public school system:

That the educational system of the United States has been proved by the war emergency a failure, was the purport of an address by Dr. George Strayer of Columbia University, president of the National Educational Association, before the teachers of the Kansas City public schools Monday. Doctor Strayer attributed the inefficiency of the national system to conditions which are a matter of discussion here. Among these were the lack of medical inspection and physical direction; low salaries paid teachers, and the ages at which children should be required to attend school.

"Any inquiry regarding education at this time is big with questions of national fate," Doctor Strayer declared, quoting the head of the English public school system.

England Doubled School Budget.

"Tests of young English men and women in the war showed that there was need for increased education there so England, debt bound by the recent conflict, doubled her educational budget. She set the age for compulsory education at 14 years and required that children between the ages of 14 and 18 should attend school eight hours a week on their employer's time. We are facing a crisis just as significant as that which confronted England, and we must meet it as she did. I hope that at the convention of the National Educational Association at Milwaukee June 30 to July 4, we shall be able to take steps which will, in a large measure, bring about such educational requirements.

"The army discovered the physical evils that exist here. One in three of the men from 21 to 31 years old was physically unfit. Investigation proved that the vast majority of these cases were attributable to the lack of proper medical inspection in the public schools and the incomplete physical development of the pupils. We have merely recorded facts, but done nothing to better the children's health. The investment in the health of school children should be increased five times.

"Not one city in the United States has an efficient system to enforce compulsory attendance laws. In New York alone, examination showed that there were twenty-five thousand children the school department did not know were alive.

"The army also discovered the illiteracy of the American people. Census figures stated there were five million persons in the United States who could not read or write. The army conducted investigations that proved this estimate should have been placed at between fifteen and twenty million persons.

"The war engendered another crisis when more than one thousand teachers were forced to discontinue their educational work and make a living. Consequently, inefficient teachers were employed. One-fifth of the school children of the United States last year went to school to teachers that did not have a high school education. No other profession has been so degraded. It is time for teachers to make a stand for their profession and for a living wage.

"Among the chief evils of our educational system is the fact that there is no one executive head—no power of central control. The Department of the Interior, the Department of Agriculture and the Department of Labor, all have attempted to regulate the educational system at one time. No two worked together. Chaos almost resulted. The educational facilities of the United States will never be efficient until the bill providing for a Department of Education and an annual appropriation of 100 million dollars is passed. By this plan a secretary of education will sit in the President's Cabinet.

"Some say that 100 million dollars annually is too great a taxation. The Department of Agriculture spends more instructing the farmer in raising crops and hogs. Those fifteen or twenty million persons who have been proved illiterate are the one field that Bolshevism and anarchy can exploit in the United States."

Owls have a peculiar method of eating. They eat everything they want, whenever they find it, and swallow the "whole works."

NOTED JOURNALIST TO SPEAK AT CHAUTAUQUA

Sir John Foster Fraser, Direct From Paris Peace Conference, to Present International Questions.

Sir John Foster Fraser, the British journalist who comes to our chautauqua from the Paris Peace conference, will give our people a clear, nonpartisan explanation of the great events of the historic meeting of the powers. In a recent letter Sir John states: "Nothing is more necessary in the world just now than clear, unprejudiced thinking, with a courteous regard for the rights of others."

Here is a man, an international character, who has attended the peace conference since the opening sessions. He was present when President Wilson introduced the League of Nations idea and later when the Covenent of the proposed league was approved by the powers. He has for years been personally acquainted with such world characters as Lloyd George, Asquith, Orlando, Clemenceau and M. Pichon. Long before the war he was regarded as one of the foremost authorities on diplomatic affairs in the Balkans. He was the dean of the English speaking journalists at the conference and the British papers which he represented placed an aeroplane at his disposal to save time in his trips between London and Paris.

Sir John heard the discussion over the disposal of Fiume and talked with Signor Orlando on the day he left for Rome; he was present when the terms of peace were presented to the Germans at Versailles.

In a recent letter Sir John states that he is looking forward to his chautauqua work and hopes that "I may do useful work in the United States in helping toward a better appreciation of international matters. I am glad the United States is taking such a prominent part in the difficult task of readjustment because your country can take a detached point of view. Nothing is more necessary in the world just now than clear, unprejudiced thinking with a courteous regard for the rights of others."

M. U. ATHLETES TO FRANCE.

Several Men from the University May Take Part in A. E. F. Track and Field Meet.

Columbia.—When Bob Simpson, world-renowned athlete of Missouri, sails for France June 9 to take part in the A. E. F. track and field meet to be held in Pershing Stadium at Joinville le Pont, near Paris, June 22 to July 6, he may be accompanied by several other University of Missouri athletes, according to Coach H. F. Schulte.

Captain Sylvester, "Chuck" Lewis and Bahlman Parker are the three men the coach is backing strongest to accompany the Missouri premier hurdler to the big army meet. They are all discharged S. A. T. C. men.

Schulte's recommendation was made in response to a letter from the secretary of the A. A. U., asking for a list of Missouri track men of championship material. They will try for the team of fifty men, which will go overseas, at the Western Conference Meet at Chicago June 7. Those who make good will sail for France the following Monday.

Sylvester, who is running the hurdles in championship form, will try out for this event. He stands a good chance of being chosen to go overseas, Schulte believes. The Tiger captain already has shown his ability as one of the best hurdle men in college circles.

Lewis, Missouri's all-round star and high point man of the Tigers this year, will be slated for the pentathlon. He placed third in that event at the Penn games and has few challengers in the West.

Bahlman Parker, Schulte's third protege, is a consistent middle distance man.

FOLKS are a heap like tobacco. Thar's hot-headed, bitey folks. Thar's flat, uninterestin' folks. An' then thar's folks like Velvet—mild, but hearty an' fren'ly, too.

Velvet Joe

THE FRIENDLY TOBACCO

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke—never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing—in wooden hogsheads—does it. Friendship must ripen *slowly*. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.

Liggett & Myers Tobacco Co.

Roll a VELVET Cigarette

VELVET'S nature-aged mildness and smoothness make it just right for cigarettes.

Wholesome Food Keeps the Children Well

A mother writes:

"We always use Royal Baking Powder because we *know* when we use it we are not using anything injurious."

Prudent mothers avoid cheap baking powders because they frequently contain alum, a mineral acid. No matter how much they are urged to change, they stick to

ROYAL Baking Powder

They KNOW it is absolutely pure

Royal contains no alum—Leaves no bitter taste

DEMOCRACY WAS NECESSARY.

Omaha, Neb., June 4.—Janitors are so scarce in Omaha that business men have to do their own window washing At least, that was the reason why pedestrians along Fifteenth and Farnam streets the other morning were amazed when they saw Isaac Kahn, president of the McGrath Stationery Company, calmly washing the windows of the store.

Wearing clothes that would do for any tailor's andvertisement, Mr. Kahn, perspiring but happy, washed the windows.

"Democracy's a wonderful thing, isn't it?" said one man to another, as they watched the performance.

"You're wrong," said Mr. Kahn, who overheard it, "there's a shortage of janitors and besides it's good exercise."

"NOBODY" HAS LUCKY STREAK.

San Francisco, June 4.—Michael Ryan, derelict, and according to his own estimate of himself, nobody, tramped Montgomery streets an entire day praying for a dime with which to buy coffee. Fate then turned a winning card. Ryan picked up a check for $50,000 made payable to the Sacramento Northern Electric Company. He turned it over to its owners. As a reward for his honesty Ryan got one dollar. The banquet lasted half an hour.

AN ENEMY OF WOMANHOOD.

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence.—Adv.

BEAUTIFUL WAR ROMANCE.

San Francisco, June 4.—One of the war's most beautiful romances came to light here recently with the announcement that Corporal Joseph Schiefer, the San Francisco lad, who after both legs had been blown off by a German shell wrote home that he was "scratched up a bit," and Miss Bose, the girl who waited for him through all the weary months he was over in France, are to be married next summer, just as though nothing had happened.

"Perhaps we shall be married sooner than we otherwise should have been," said Miss Bose, "for he will need me now all the more."

"It is enough to be thankful for that he came back when so many others did not. What does loss of limbs mean to us when we love?"

"It was up to Helena," said Schiefer. "She couldn't see any difference, and I couldn't, either, so everything's going to be all right."

Biliousness is a condition that breeds disease in the vital organs and ought to be corrected promptly. Prickly Ash Bitters is a man's remedy. It vitalizes the blood, drives out impurities in the bowels, makes you feel bright, strong and hearty. Price $1.25 per bottle.—Maryville Drug Co., Special Agents—Adv.

Social. Clubs Churches

Mrs. Martin Hostess.

The Woman's Missionary Society of the Presbyterian church meets with Mrs. Vilas Martin at 2:30 o'clock tomorrow afternoon.

Mrs. White Hostess.

Mission Circle No. 2 of the Baptist church will meet with Mrs. W. A. White, 1122 North Main street at 2:30 o'clock Thursday afternoon.

Testimony Meeting at Baptist Church.

Rev. W. F. Ferguson, pastor of the Baptist church, will take his prayer-meeting subject from John 15:16 tonight. A testimony meeting is also announced.

Meet With Mrs. Wadley.

The regular meeting of the Young Women's Missionary Society of the First M. E. Church was held last night at the home of Mrs. Thos. L. Wadley, with Mrs. H .R. Juvenal and Mrs. N. H. Brown as assisting hostesses. Mrs. Brown, with "Intensive Development" as her subject, led the meeting and she was assisted by Mrs. Marve Curnutt, Mrs. Arthur Brewer, Miss Emma Hull, Mrs. J. W. Herndon and Miss Kate Willis. The visitors for the evening were Mrs. J. C. Allender and Mrs. Howard Wray.

Alert Rebekah Lodge.

The members of Alert Rebekah lodge are asked to meet tomorrow night at 8 o'clock in I. O. O. F. hall. All students of the State Teachers College, who are members of any Rebekah lodge, are invited to attend the meeting.

Kensington for Visitors.

Mrs. Chas. Gaugh entertained with a Kensington this afternoon at her home on West Second street, when a few friends were asked to meet her guests, Mrs. George Custer of Kansas City and Mrs. Henry Cousins of Hilltop, Colo. Mrs. Cousins returned to Maryville last night from a visit to Kansas City.

Mission Officers Entertain.

Mrs. W. E. Goforth, Mrs. Ed Egley, Mrs. Dale Bellows, Mrs. P. R. Moore, Mrs. J. D. Richey, Miss Doris Marie Goforth, Mrs. F. P. Robinson and Mrs. Harry Todd, officers of the Mission Circle of the Christian church, entertained the members and a number of friends yesterday afternoon at the home of Mrs. Robinson. The afternoon was spent in games, after which refreshments were served. The tables held as center pieces crystal baskets filled with roses. Mrs. Bert Colwell of Twin Falls Idaho; Mrs. J. B. Robinson, Mrs. J. R. Brink, Miss Katherine Miller, Miss Juanita Floyd and Mrs. H. W. Kramer were guests of the Circle.

Last Meeting of Club Year.

The last meeting of the year of the M. I. Circle was held yesterday afternoon at the home of Mrs. W. A. Bailey. Devotions were led by Mrs. J. J. Heifner. During the business session these new officers were elected: Mrs. Walter Mutz, president; Mrs. Heifner, vice-president; Mrs. Omer Catterson, secretary; Mrs. Bailey, treasurer. The Circle is planning a picnic on June 24, at which the families of the members will be guests. Mrs. Mutz read a paper, "Compulsory Education for Children," and Mrs. J. W. Ray had for her subject, "Recipe for Nominating Officers," by Eugene Field. Mrs. Heifner recited "It's Up to You," by Ralph Parlette. Refreshments were served by the hostess, assisted by Mrs. J. F. Cook, at the conclusion of the program.

Mission Circle No. 3.

Mrs. J. R. Lowry, 520 West First street, was hostess to Mission Circle No. 3 of the Baptist church last night. The chairman, Mrs. J. A. Speirs, was in charge of the program, which was opened with a prayer by Rev. W. C. Ferguson. Mrs. G. B. Holems conducted a map study of Armenia, and an instrumental selection was given by Miss Lucile Holmes. Miss Ruth Wilson of Winthrop, Ark., who is attending the State Teachers College, gave two readings, "That Old Sweetheart of Mine," and "That Old Sweetheart of Ferguson read a paper on "Women as World Re-builders.'" Old fashioned songs closed the program. Several members, who had program numbers, were unable to be present on account of the inclement weather. Miss Laura White was in charge of the opening of the mite boxes. Refreshments of lemonade and wafers were served by the young ladies in costume. Mrs. Herman Clarkson of Macon, who is the guest of Mr. and Mrs. G. B. Holmes, Mrs. Jesse Miller of King City, who is visiting her sister, Mrs. S. T. Gile, and Miss Wilson were visitors.

If You Use Coal

The coal outlook for next winter is becoming more serious each day from all reports that we can get and we would advise early purchases for next winter's use. It is really more serious than last year as coal miners are scarcer, consequently the output will necessarily be short. The railroad equipment is badly run down and with the harvest crop outlook the railroads will be taxed to their utmost. Consequently the movement of coal will be very slow.

You can see the conditions. Use your own judgment. Do not let your feed bins run to low as feed stuff is getting awfully scarce and very hard to get.

Farmers Feed & Supply Co.

WADE BACK AT WORK INSIDE OF A WEEK

His Troubles Were Soon Ended On Taking Tanlac—Hasn't Had A Symptom Since.

"Before I had taken Tanlac a week I was well and strong enough to go back to work," says W. R. Wade, a well-known resident of Winnfield, La.

"I had such a bad case of stomach trouble and rheumatism," he continued "that I had to quit working. Everything I would eat disagreed with me and made me miserable at the time; my limbs and joints would ache so I could hardly stand it and, in fact, for a whole month before taking Tanlac I wasn't able to put in a full day's work, at all.

"One of my friends had been taking Tanlac and told me it had done him a world of good, so I got me a bottle to try. Well, sir I began to feel better from the first dose, and before the week was out I was back on my job and have been working right along ever since. I never saw anything before to give such quick relief as Tanlac, and I haven't had a single symptom of my trouble since I started on it"

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

A Retrial for Alleged Draft Plotter.

St. Joseph, June 4.—The case of A. J. August, wealthy St. Joseph merchant, who was indicted on a charge of conspiracy to bribe draft board members, has been remanded for retrial in the United States District Court here. The mandate of the court of appeals at St. Louis was received here today. August was found guilty by a jury here March 9, 1918, and appealed the case.

NATION'S DEBT TO 26 BILLION

An Increase of More Than 1 Billion in May.

Washington, June 4.—The nation's public debt reached a new high mark of $25,921,151,270 at the end of May, an increase of $1,096,640,750 during the month, resulting from new issues of certificates of indebtedness and payments on Victory Loan subscriptions.

Ordinary disbursements in May amounted to $907,492,920, only slightly less than the $1,068,203,020 in the same month last year.

CHICAGO "REDS" GOT AWAY

When Dectivas Raided a House No One Was There.

Chicago, June 4.—Detectives failed by a few minutes yesterday in a coup to seize a group of alleged Chicago anarchists believed to be allied with the crew responsible for the series of bomb outrages in eastern cities last night. A house on the South side, known to the police as a gathering place for "Reds," was raided.

A squad of detectives went to the place at dawn following a conference at a detective headquarters between federal and city operatives. They surrounded the house and then burst in, only to find it empty. Neighbors told them that only a few minutes before six men and two women had been seen to depart.

Frank Barmann and Earl Barmann were in St. Joseph today on business.

SUBSEA VESSELS AN OLD IDEA

Inventors Had Thoughts of Such Craft Centuries Ago, as Ancient Records Give Proof.

Not in 1660, when Lord Verulam first made a vague allusion to the subject, but in 1648, it seems, was first mention made of the submarine; and then at some considerable length in a memoir published at "The Brazen Serpent, in Paul's Churchyard." And with this discovery comes another, that the submarine, or "Ark for Submarine Navigation," as the author, John Wilkins, terms it, had been tried and found a practical possibility in the days of the civil wars. "Cornelous Dreble" had experimented with "the contrivance," "here in England," and "found it feasible." There is something captivatingly Elizabethan about this John Wilkins, "Chaplain to the Prince Elector Palatine," and his far-sighted consideration of the submarine as a war auxiliary. Londoners became acquainted with him one March evening recently, as they opened their Pall Mall Gazettes and dipped into the contents. "Cornelous Dreble and his contrivance" arouse a tantalizing curiosity.

Not a Complete Success.

Edward was a timid boy. He tried hard to overcome his timidity, but with little success. One day his father came home and brought him an Indian suit. After Edward had it on his father told him that he would be brave now, for Indians always were. Edward went out in the front yard to show it to a neighbor playmate when the big collie dog from across the street came bounding across. The "Indian" came rushing up on the front porch, crying, and sobbed out: "Take the suit back; it don't work on me."

INTO PRO-GERMAN ACTIVITY.

Department of Justice Gets Circulars Opposing the League.

Chicago, June 4.—Copies of circulars said to have been issued by the German-American Burgerbund, or Citizen's Society, urging the members to protest to their senators and congressmen against the League of Nations, have been sent to the chief of the bureau of investigation of the Department of Justice by the local bureau. The circulars referred to the league as a one-man idea and only a guarantee of unbridled rapacity and greed."

The bund's first national festival is set for June 21 and 22.

VICTORY ANNOUNCEMENT

More Mileage Adjustment on Goodrich Tires

Fabrics - 6,000 Miles
Cords - 8,000 Miles

TO automobile owners and drivers—to Goodrich Dealers—the B. F. Goodrich Rubber Company herewith declares a *more-mileage adjustment* on Goodrich Tires—6,000 miles for SAFETY TREADS, and 8,000 miles for SILVERTOWN CORDS.

Fix these new Goodrich Adjustment figures firmly in your mind—6,000 miles for SAFETY TREADS—8,000 miles for SILVERTOWNS —*instead of the 3,500 and 5,000 miles respectively heretofore in force.*

This new adjustment stands back of all Goodrich Tires, including Tires already purchased in the hands of user or dealer.

Goodrich Tires in actual usage are today unfolding such matchless mileage, regularly in excess of adjustment basis, that Goodrich knows it has the strongest, most durable tires the rubber industry has produced.

The Goodrich adjustment mileage is increased because Goodrich knows the mileage in its tires, and it wants to give every motorist a share in their economy.

Go to a Goodrich Dealer, and buy a Goodrich Tire, sure that with fair and square usage a Safety Tread will render you at least 6,000 miles; and a Silvertown Cord at least 8,000.

Buy Goodrich Tires from a Dealer

WAR STARTS ON SMOKER.

Pittsburgh, May 31.—Next for the war on the smoker.

The local Common Pleas Court has been petitioned to give its consent to the formation of the "No Tobacco Corporation," backed by a number of clergymen and prominent persons here. The character and object of the corporation is declared to be "to educate the public, especially children before they have formed the tobacco habit, to a knowledge of the evils of the use of tobacco and to secure by law the prohibition of the culture, sale or use of tobacco.

WIFE CRITICIZED HUBBY'S COOKING.

San Francisco, June 2.—Many a husband has been dumped unceremoniously out of matrimony by a bride who resented tactless comment on her cooking, but it remained for Superior Judge Graham's calendar to produce the first case of a husband losing out because he too violently resented his bride's criticism of his cooking.

Mrs. Flora Rowe was the complainant. She testified that she is a professional chef and decided soon after their marriage that she was the logical breadwinner. The husband, Arlow Rowe, remained home and kept house. Mrs. Rowe said she stood his cooking as long as she could, which wasn't long.

It could be inferred that her comment irritated Rowe. She said he "banged her in the eye" on four occasions after she had said what she thought of him as a cook.

Judge Graham granted her a decree and $200—$50 for each black eye.

HEALTH HINTS FROM BOSTON.

Boston, May 31.—There are dozens of fashionable women residents of the Back Bay who "have not touched water to their bodies for the past ten years," and as a result are the pictures of physical health. So asserts Dr. Charles E. Page physician, author of health books and advocate of the non-bath doctrine.

In addition to his bathless theory, he sounds a serious warning against the wearing of underwear. He says: "Leave it all off and you will escape colds, bronchitis, influenza, pneumonia and all the physical ailments that are commonly supposed to threaten the average human being.

"Attire the body in 'draperies only' is his injunction, meaning drop all underwear, both wollen and cotton. He advises men to dress only in shirt, trousers, suspender, jacket, stockings and low shoes. Wear a hat if you must, but your hair will do much better without one."

Dr. Page is seventy-nine, and thinks he should live to one hundred and ten or one hundred and fifteen, and anybody, he says, can do likewise.

Don't expect to get through a hot summer of hard work without a sick spell, if you start with your system full of impurities. To avoid a break-down n the busy season begin now taking Prickly Ash Bitters, the remedy for men. It will purify the blood, liver and bowels and put the system in a healthy condition. Price $1.25 per bottle.—Maryville Drug Co., Specials Agents.—Adv.

That whooping cough is caused by a bacillus has been discovered by two European physicians.

THE CLOVER LEAF WEEVIL.

Jefferson City, June 4.—The "clover-leaf weevil" is not uncommon in Missouri, doing damage every year in some sections of the state. Professor Leonard Haseman of the Missouri Agricultural Experiment Station recently examined specimens for the State Board of Agriculture. W. D. Rice of near Richmond in Ray county lost fifteen acres of fine clover recently from this pest.

The clover-leaf weevil attacks legumes, especially alfalfa and red clover early in the spring. At first the young grubs merely eat holes through the leaves, but later as they grow the entire leaf is destroyed.

A clover field may be very severely attacked early, and later come out in good shape. The full fed grubs spin a lace-like cocoon the same as caterpillars, and in this the pupa or resting state is passed, and then from it comes forth the small, brown snout beetle, about the size of a common garden pea. The beetles lay eggs late in summer for next year's grubs.

The "clover-leaf weevil" or worm has been more abundant this spring (1919) than usual, but with truly warm summer days their hours, as a rule, are numbered. This pest thrives best and does more damage in a cool and moist spring and seldom continues to attract attention after real summer sets in.

In most case no remedy is necessary, but if the pest is exceptionally abundant some relief might be had by driving a weighted brush or roller over the field, crushing many of the worms. The weevil is subject to arsenical poison, but a few farmers are equipped to treat a clover field. In most cases natural enemies and climatic conditions put an end to this pest.

The "clover-leaf weevil" is subject to fungus diseases, and apparently these parasites are responsible for its annihilation when summer arrives in earnest. Badly infested fields may be plowed and some other crop planted in case the stand is found to be ruined after warm summer weather comes.

There has been occasional complaint at times that cattle grazing in infested fields have become poisoned, and it seems that there is some slight danger of at least mild poisoning due to the grubs eaten when the pest is present in great number. There is no report of similar injurys to hogs.

The world's annual cotton crop averages two and a half million tons.

The Boy Scouts organization was founded in England in 1910, and introduced in the United States the same year.

If in need of Glasses call on an exclusive Doctor of Optics, who is competent. JOHN LE GRAND BAKER is Maryville's exclusive efficient Doctor of Optics. 2 blocks west of Postoffice.

W.B. Formu BRASSIERES

worn in connection with W. B. Corsets, assure gown-fit perfection—slenderize bust-lines—add the grace and finish at bust that the corset accomplishes below, and give the necessary finishing touch to the "Form-Fashionable."

Bolero, Bandeaux and Surplice patterns, in filmy lace effects over silks and satins; also delicate batistes, daintily trimmed with lace and embroideries; making W. B. Brassieres second only to W. B. Corsets as form-beautifiers. ASK YOUR DEALER FOR W. B. FORMU BRASSIERES.

W. B. CORSETS W. B. NUFORM Corsets for slender and average figures. The *low-priced* corset with high-priced qualities. W. B. REDUSO Corsets for stout figures—reduce one to five inches and you look ten to twenty pounds lighter.

ATTENTION

COAL!! COAL!!

Don't forget I am still in the coal business and will be glad to take your orders for present or future needs. Coal will be no cheaper this year. All Illinois mines advance the price June 1st, and coal will be much higher by August. However. I have several cars of the best Franklin County, Illinois coal in transit. I can sell at the same price while it lasts. Orders taken over either phone, as I am at the office very little of the time, owing to farm activities.
